## **Pickering Town v Handsworth FC**

NCEFL Premier Division

The Pikes will be looking to get a positive result on Saturday when they entertain Handsworth FC in the league, after a disappointing result in midweek when losing away at Barton Town.

Before the defeat on Tuesday Pickering had gone 6 games unbeaten.

Pickering's opponents Handsworth are currently sitting in 11th place in the league one place above us, with the same amount of points but a slightly better goal difference, and having played two games less.

From their 10 games played they have 4 wins, 4 draws and 2 losses with 21 goals scored and 22 conceded for a total of 16 points.

Interestingly only 3 of their ten games have been played at home - away from home, Handsworth have won two drawn four and lost one, scoring 16 goals and conceding 14 - their only loss coming when losing 3-2 at Parkgate.

At home they have two wins and one loss to their credit, with the victories coming against Bottesford Town 1-0 - they were the first team to take points off Bottesford this season, who had started the season with six successive victories, and 2-1 against Worsbrough Bridge.

They, like us, still remain in the FA Vase and have been drawn away to play Northern League side Shildon in the first round.

Their goals have been shared around this season with 9 different goal scores - Mitchell Dunne is top with 5 goals scored but closely behind with 4 goals scored are Rion Arbouin, Jordan Hines and Luke Mangham.

Last season's result at Mill Lane saw The Pikes come away with a 4-1 victory with the goals coming from Dom Weston, Souleymane Coulibaly (2) and Max Bauer.

# Programme Ramble

This weekend sees the return of the FA Cup with the 3rd Qualifying round games being played - Barton Town are representing the NCEFL when they entertain National North side Chorley - other Step 5 clubs still involved in the competition include SE Dons from the Southern Counties East League Premier Division - Trafford FC from the North West Counties League Premier - Tadley Calleva who compete in the Cherry Red Records Combined Counties Football League -

On paper Barton look to have the most difficult task when they play Chorley - Of the other teams -Trafford play Atherton Collieries from the NPL West Division - South East Dons travel to Southern League Division 1 South (Step 4) side Weymouth FC - although Weymouth have suffered successive relegations they are currently sitting at the top of their league - Tadley Calleve entertain Isthmian Premier Division (Step 3) side Dartford FC - looking at the season's results to date Trafford FC would seem to have best opportunity to progress, but as we all know about football results!!!

Back to the NCEFL and Barton Town who beat us on Tuesday are now up to 5th place in the league and with games in hand over the teams above them - having reached the play offs last season they would have been one of the pre-season favourites to be challenging - but looking at top half of the league currently you probably wouldn't have predicted the it as it sits at the moment, with two of the top seven - Bottesford Town 2nd at present and Horbury Town 7th - flirting with relegation right to the end last season.

It will be interesting how the league looks at the end of the month with a lot of games to be played in the next few weeks.

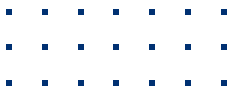

As the title says it is a ramble and a story I picked upon during the week was the trip made by Salisbury FC this week to Kuwait - this trip came about through the owner Ali Alhamad who bought the club in 2025.

The five-day trip involved the club facing one of Kuwait's most successful teams on Wednesday, Al Qadsia, who have won more than 50 trophies, before returning on Thursday to play Saturday's FA Cup third qualifying round against Dulwich Hamlet.

The club hopes the trip will offer significant commercial growth

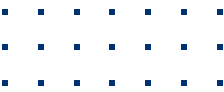

Why is this story of interest only because Salisbury FC are managed by Brian Dutton and have been since 2022 - Brian is a Malton lad and previously played for Pickering in 2001-2003, 2004-05 seasons before transferring to Weymouth, - another club mentioned in this ramble, and there's a story there but that's for another day.

# Pickering Town Club History

Pickering Town FC, founded in 1888, spent nearly 80 years playing local football before joining the Yorkshire League in 1972. The club quickly progressed through the divisions, later becoming members of the Northern Counties East Football League (NCEFL).

The Pikes won the NCEFL Division 2 title in 1987–88 and claimed their first major senior trophy in 1990–91 by winning the North Riding County Cup.

Promotion to the NCEFL Premier Division followed in 1991–92, and the club narrowly missed out on the title the next season. Pickering also made its FA Cup debut in 1993–94 and reached the FA Vase quarter-finals in 2005–06.

The club won the North Riding Senior Cup again in 2012–13. After finishing as NCEFL Premier Division runners-up in 2015–16 and 2016–17, Pickering earned promotion to its highest level of senior non-league football. However, difficult seasons followed, including two curtailed campaigns during the COVID-19 pandemic and relegation from the Northern Premier League in 2021–22.

Since returning to the Northern League and then the NCEFL Premier Division, the club has faced several relegation battles, finishing second bottom in 2023–24 but retaining its place. The following season brought improvement, with Pickering finishing 10th after briefly challenging for the play-offs. Off the pitch, Mill Lane has been significantly developed with floodlights, seated stands, covered areas and improved changing facilities.

The club is also investing in its future through a scholarship programme, junior teams and the formation of a women's team competing in the North Riding Division 1 League.

# HANDSWORTH FC

## *Handsworth FC – A brief history*

Handsworth Parramore FC were formed at the start of the 2014/2015 season after the merger of two highly successful clubs, Handsworth FC of the S&H County Senior League Premier Division and Worksop Parramore of the NCEL Premier Division. The NCEL and the FA allowed the new club to take over the position of Worksop Parramore, who had just finished in 4th place in the Premier Division, whilst the S&H CFA allowed their reigning Champions to continue under the name of Handsworth Parramore Reserves.

The new club could not have begun life better as in their first game, under Manager Russ Eagle, they crushed Glasshoughton Welfare 6-0 and followed this up with a 5-1 victory over Oadby Town in their first ever FA Cup tie. After leading the table for a number of weeks, a downturn in fortunes led to a change at the top and the installation of the ex Belper Town management team of Peter Duffield and Mick Godber. The duo rebuilt the squad who ended their inaugural season in 7th place and with the clubs first piece of silverware, the NCEL

League Cup, secured after a thrilling 4-3 victory over Cleethorpes Town.

Our second season started in positive fashion but halfway through the campaign, the difficult decision was made to relieve Duffield of his duties, with Mick Godber stepping up as Caretaker Manager. However, such was the impact that Godber made, including an unbeaten run of 17 games that propelled The Ambers to the top of the table, the decision to make the role permanent was taken. The Ambers eventually fell just short in their quest for the title, finishing a comfortable second behind Champions Tadcaster Albion.

The following season, and despite a best ever run in the FA Cup, halted only at the 3rd Qualifying Round stage, inconsistent league form resulted in Godber stepping down as Manager in April, with striker Jon Froggatt being put in temporary charge until the end of the season, and a creditable 4th placed finish was achieved.

In April 2017, the Club announced that former player James 'Jas' Colliver was to return to take over as the new Manager, and with another rebuilt squad, another 4th placed finish was secured in his first season in charge, with promotion missed by just one place for the second time, alongside a run to the Semi-Finals of the League Cup.

Unfortunately, the 2018-19 season was really one to forget with The Ambers finishing in their lowest ever position of 8th and with poor showings in the Cup competitions. Colliver departed the club in the Autumn and, despite their best efforts, the interim management team of Steve Istead and Jon Froggatt were unable to lift the general malaise that had set in around the club.

At the end of the campaign, the decision was made for the club to continue on a much-reduced budget and to return to Olivers Mount. Russ Eagle was invited back to the club as Manager alongside Aiden Spowage, and to strengthen ties with the Junior Sporting Club, the new Management Board sought and gained approval from the NCEL to change the clubs name to Handsworth FC.

The 2019-2020 and 2020-2021 campaigns saw the club suffer some highs and lows as was to be expected with such a young and changing squad, and after a hit and miss start to the 2021-22 season, The Ambers parted company with Eagle in October, with Aiden Spowage and Jason Dodsworth named as Joint Managers, with Louis Axcell strengthening the management team later.

An excellent run to the 3rd Qualifying Round of the FA Cup underpinned a highly respectable 8th placed finish, but despite the efforts of everyone involved, we were unable to build on this and a disappointing 2022-2023 campaign saw The Ambers finish in their lowest ever position of 16th, leading to the inevitable departure of the management team.

Ambers' legend Jon Froggatt was handed the reins alongside Mark Ward ahead of the 2023-2024 season, and an excellent start saw The Ambers within touching distance of top spot, before a desperate run of form through the Winter saw the team drop alarmingly before a late resurgence claimed an improved 13th placed finish. Improvement continued the following season, with The Ambers securing an excellent 7th placed finish after an enjoyable, if sometimes frustrating season, a position The Ambers matched with a better points tally last season when they were still in the hunt for a play off spot until the penultimate game of the season.

With one of the lowest playing budgets in the division, The Ambers continue to punch above their and will be looking to push on even further this time around.

## Code of Conduct for Spectators

Spectators have a great influence on player's enjoyment and success in football. All participants play football because they first and foremost love the game-it's fun. It is important to remember that however good a player becomes at football within your club it is important to reinforce the message to spectators that positive encouragement will contribute to:

Players Enjoying Football | A sense of personal achievement  
Self-Esteem | Improving the Player's skill

A spectators expectations and attitudes have a significant bearing on a player's attitude to:

Other Players | Officials | Managers | Spectators

Ensure that spectators within your club are always positive and encouraging towards all players not just their own. Encourage spectators to:

Applaud the opposition as well as your own | Respect the referees decision | Give attention to each of the players involved in football not just the most talented | Give encouragement to everyone to participate in football | Ensure that spectators within your club agree and adhere to your club's Code of Conduct Policy.
