Game Preview

Pickering Town v Retford United
NCEFL Premier Division

On Saturday we welcome Retford United and after and after another disappointing result on Wednesday's we are now without a victory in the last seven games, securing just two draws combined with five losses in those games, and are currently 15th in the league with 19 games played - half way through the season.

Retford United our visitors on Saturday currently sit 5th in the league with 8 wins, 7 draws, and 4 losses from 19 games played for a total of 31 points, having scored 37 goals and conceded 22.

They come into this game after a convincing victory last Saturday when beating Golcar United 8-1 at home.

At the beginning of October they lost their manager of four-and-a-half years Ryan Hindley who resigned to take over at NPL Premier Division side Ilkeston Town - James Colliver his assistant has taken over the role of manager.

Retford rejoined the league this season after having two seasons in the United Counties League.

They gained promotion at the end of last season through the end of season play offs and then were transferred back to the NCEL in the summer.

Player spotlight:

Players to watch are Ross Duggan who transferred to the club from Goole at the beginning of November and has scored in all three games he has played to date, he was previously Goole's leading scorer - and Oliver Wilson who is their leading goalscorer with 11 goals - 8 of them in the league.

Worsbrough Bridge are now on the look out for their third manager of the season, after Lee Morris departed to take over the reins at Frickley Athletic they appointed club stalwart Conor Glavin as his replacement, but after Wednesday's defeat at home to Barton Town, Glavin tendered his resignation.

Barton Town maintained their second spot in the league with the victory at Worsbrough, but they have a busy and challenging rest of the month starting with a home game against Handsworth this Saturday, they then face games away at Campion currently third, followed by games at home versus Retford FC and then current league leaders Dearne & District.

FA Cup

Last Saturday was FA Cup 1st Round day, and there were a number of results that saw lower league clubs beat rivals placed above them in the league system.

I've selected a couple that have had some small connection with The Pikes in the past -
Wimborne Town's (step 7) victory over League 2 side (step 4) Crawley Town, they have drawn League 1 side Bradford City at home in the Second Round - we played and beat Wimborne Town in the 2005/06 season to reach the quarter final of the FA Vase.

This is the first time in their history that they have reached the Second Round, the only other time they have gone beyond the qualifying rounds was in the 1982-83 season when they were beaten by Aldershot 4-0 in the first round proper

Continued.....

Salisbury FC managed by ex Pickering Town player Brian Dutton continued their good form with a comprehensive 6-0 win over Sholing, they have been drawn to play Chesham United away in the Second Round - both teams currently play in the National League South, with Salisbury at present sitting third in the table whist Chesham sit in 21st place but as we know there are no certainties.

Another result that caught my eye was Guiseley's victory over National League side Sutton United and a deserved victory as well according to Sutton's manager in his after match interview. - why this one I hear you say - Guiseley beat us 6-0 in the 2nd Qualifying Round in the 1999-2000 season.

Ramble over for another time!!

Pickering Town Club History

Pickering Town FC, founded in 1888, spent nearly 80 years playing local football before joining the Yorkshire League in 1972. The club quickly progressed through the divisions, later becoming members of the Northern Counties East Football League (NCEFL).

The Pikes won the NCEFL Division 2 title in 1987–88 and claimed their first major senior trophy in 1990–91 by winning the North Riding County Cup.

Promotion to the NCEFL Premier Division followed in 1991–92, and the club narrowly missed out on the title the next season. Pickering also made its FA Cup debut in 1993–94 and reached the FA Vase quarter-finals in 2005–06.

The club won the North Riding Senior Cup again in 2012–13. After finishing as NCEFL Premier Division runners-up in 2015–16 and 2016–17, Pickering earned promotion to its highest level of senior non-league football. However, difficult seasons followed, including two curtailed campaigns during the COVID-19 pandemic and relegation from the Northern Premier League in 2021–22.

Since returning to the Northern League and then the NCEFL Premier Division, the club has faced several relegation battles, finishing second bottom in 2023–24 but retaining its place. The following season brought improvement, with Pickering finishing 10th after briefly challenging for the play-offs. Off the pitch, Mill Lane has been significantly developed with floodlights, seated stands, covered areas and improved changing facilities.

The club is also investing in its future through a scholarship programme, junior teams and the formation of a women's team competing in the North Riding Division 1 League.

RETFORD UNITED FC

Retford United FC - A Brief History

The club was founded in 1987 by Retfordian Brian Jackson to give the town a senior club after Retford Town had gone out of business. The club's inaugural season was in the Gainsborough & District League which was successful so it applied to join the Notts Football Alliance the following season and competed in that league up until 2001, when they joined the Central Midlands League.

The incredible next several years of growth was attributed to local Retfordian Mr Dean Vivian. It was his financial support that built the ground, club house, floodlights, so much more, not to mention funding of the first team that catapulted Retford United's success. Just three years passed before another milestone was reached and the club joined the Northern Counties East League.

The success continued, finishing as runners-up in the Northern Counties East League Division One in 2005–06, gaining promotion to the Premier Division, which they won at their first attempt. They were then promoted to the Northern Premier League Division One South, which they won two years running, gaining promotion to the Premier Division in 2009. In all, between 2000 and 2009, they won a total of six championships, of various leagues and divisions, in nine seasons.
However, at the end of the 2010–11 season they finished bottom and were relegated to the Northern Premier League Division One South. Due to financial constraints, the club opted to resign from the Northern Premier League and to compete in the Northern Counties East League Premier Division where they again won the title in the 2011/12 season but they rejected promotion opting instead to continue in NCEL.
Retford reached the fifth round (last 16) of the FA Vase in the 2006–07 season, while their best run in the FA Cup consisted of one appearance in the fourth qualifying round, in the 2008–09 season, where they were defeated 3–1 by Alfreton Town. Their first season in the FA Trophy in 2007–08 took them to the first round where they were defeated 5–2 by Histon. Retford were relegated from the 1st division of the NCEL at the end of season 2017-2018.

The club has been taken over by Nik Springthorpe. Bringing a lot of change to the club with a refurbished clubhouse, changing rooms and various outside areas of the ground. After two incomplete seasons due to Covid, the Badgers won the only silverware available as they won the Chairman's Cup in 2021 and then in the 2022 season they lifted the Notts Senior Trophy.

In June 2022, former player and Badgers legend Ryan Hindley took the reins and at his first attempt took the Badgers back up to the NCEL after winning the Central Midlands League by 17 points, only losing one league game! The Badgers reached the Play Off Semi-Final in their first season back in step 6 but fell to Beverley Town. We were moved sideways to the United Counties League for the 2024/25 season. Once again reaching the Playoffs but this time lost to Blackstones FC. Would things work out better for the Badgers come the next season...

The 2025/26 season marked one of the most memorable chapters in Retford United's history, as the Badgers finally secured their long-awaited return to Step 5 football. Ryan Hindley's side enjoyed an outstanding league campaign, accumulating an incredible 103 points.

Despite that remarkable total, automatic promotion remained just out of reach, meaning the Badgers would have to earn their place through the play-offs. After overcoming Staveley Miners in the semi-final, they then beat Coalville Town in a dramatic final, with the game decided on penalties

On 14 May 2026, it was officially confirmed that Retford United would return to the Northern Counties East League, competing in the Premier Division during the 2026/27 season. On Friday 9th October 2026, following four highly successful seasons at the helm, Ryan Hindley tendered his resignation as manager after being presented with an opportunity to take charge of Step 3 side Ilkeston Town. It was an opportunity he felt he could not turn down, bringing an end to a memorable chapter in the club's history. His departure saw assistant manager Jas Colliver step up to take charge of the first team, marking the beginning of a new era at Cannon Park
