Game Preview

Pickering Town v Thackley AFC
NCEFL Premier Division

After playing 7 games in a period of 22 days the team have had a free week this week and have been able to get back on the training ground.

This Saturday we entertain Thackley AFC and both teams come into the game having played the same opposition in their last game, The Pikes came away with a 1-1 draw in the league last Saturday versus Parkgate whilst Thackley lost 1-0 at home to the same opposition in a 2nd Round League Cup game on Wednesday night.

Thackley are currently in 15th place in the league with 4 wins, 5 draws, 7 losses from 16 games for a total of 17 points having scored 23 goals and conceded 28.

Although losing on Wednesday, Thackley come into the game having won their previous two league games with a 2-1 victory away at Rossington Main followed by a 4-1 win at home last Saturday versus Golcar United.

Their other victories in the league have both come at home versus Parkgate 4-0 with all the goals coming in the last quarter of the game and a 3-2 victory over close neighbours Campion.

Thackley were founder members of the NCEFL Premier Division in 1982 and in that time have never been relegated or promoted, although last season came very close to relegation, but a draw at home to Eccleshill United in their last game with the equalising goal coming in the last minute securing their place in the Premier Division for another season.

Over the years the sides have played each other many times, last season saw the honours shared with both sides winning their respective away games.
Thackley won at Mill Lane 3-2 scoring two late goals in the the 85th and 87th minute to win the game, this was after Pickering had gone into a 2 goal lead with both goals coming from Souleymane Coulibaly, but Pickering did get their revenge with a 1-0 victory away and again the goalscorer was Coulibaly.

NCEFL Chat

Tadcaster after difficult time in the league at the beginning have seen their form improve in October although currently lying in 18th position, they have lost just once in their last 5 games, and with a 1-0 win away at Barton Town last Saturday and a 2-2 draw at second placed Bottesford Town they will be looking to continue that form when they play Handsworth at home this Saturday.
Another game of interest on Saturday is the clash between bottom of the table Keighley Town and second bottom Parkgate - Keighley will be looking to get their first win in the league this season and close the gap on the team above them.

Knaresborough are another team who will be looking to get back to winning ways as their recent form has seen them collect just 2 points from their last 4 games in the league with draws against Handsworth and Campion losses to Retford FC and Barton Town.
Managerial Merry go round

In the last ramble I discussed some of the managerial changes that have occurred this season in the NCEFL, continuing on the same theme and looking mainly at the North East Clubs slightly up the ladder but none the less still non league, starting at the top end the National League both Hartlepool and Gateshead have seen their managers depart,

Continued.....

whilst Lee Clark resigned at Hartlepool and subsequently has been replaced with the appointment Pete Wild to replace him - Gateshead have parted company with Lee Cattermole who was only appointed in May and have not yet replaced him and they also have a number of financial issues which hopefully will get resolved with a proposed new takeover.

Down at National League North level Spennymoor Town have already appointed a new manager earlier in the month and on Monday Steve Watson left Darlington - Whitby Town NPL Premier have also had to appoint a new manager in Graeme Lee due to Lee Bullock resigning from the position for health reasons.

Near neighbours to Whitby, Guisborough Town are also looking for a new manager after Nathan Haslam left them to take charge of fellow NPL East side Matlock Town.

Haslam had led Guisborough to promotion last season after guiding them to the Northern League Championship.

Another Topical subject in football at the moment besides Manchester City is the Independent Regulator Report on English Football finances which it says are dangerously exposed, this of course refers to levels 2-5 - Championship to National League level in the football system, it would be interesting to see what they would find if they did a survey of clubs at levels 6 - 10 (steps 2-6 in non-league football)

Maybe more of that at a later date.

Pickering Town Club History

Pickering Town FC, founded in 1888, spent nearly 80 years playing local football before joining the Yorkshire League in 1972. The club quickly progressed through the divisions, later becoming members of the Northern Counties East Football League (NCEFL).

The Pikes won the NCEFL Division 2 title in 1987–88 and claimed their first major senior trophy in 1990–91 by winning the North Riding County Cup.

Promotion to the NCEFL Premier Division followed in 1991–92, and the club narrowly missed out on the title the next season. Pickering also made its FA Cup debut in 1993–94 and reached the FA Vase quarter-finals in 2005–06.

The club won the North Riding Senior Cup again in 2012–13. After finishing as NCEFL Premier Division runners-up in 2015–16 and 2016–17, Pickering earned promotion to its highest level of senior non-league football. However, difficult seasons followed, including two curtailed campaigns during the COVID-19 pandemic and relegation from the Northern Premier League in 2021–22.

Since returning to the Northern League and then the NCEFL Premier Division, the club has faced several relegation battles, finishing second bottom in 2023–24 but retaining its place. The following season brought improvement, with Pickering finishing 10th after briefly challenging for the play-offs. Off the pitch, Mill Lane has been significantly developed with floodlights, seated stands, covered areas and improved changing facilities.

The club is also investing in its future through a scholarship programme, junior teams and the formation of a women's team competing in the North Riding Division 1 League.

THACKLEY AFC

Thackley FC - A Brief History

Thackley FC was formed in 1930 by members of the Thackley Wesleyan Methodist Church, progressing by way of the Bradford Mutual Sunday School League and the Bradford Amateur League before moving into county-wide leagues and joining the West Riding County Amateur League in 1939, where they would spend 25 years, winning that league on five occasions before a brief spell in the West Yorkshire League. In 1967 Thackley joined the Yorkshire League's Division Two, where they would go on to win and be promoted to Division One in 1974 before becoming a founding member of the Northern Counties East League's Premier Division in 1982. The club has never been promoted or relegated from that division since, with their best season being in 1993–94 when they were runners-up, losing out only on goal difference to Stocksbridge Park Steels.

On the 8th of April 1975 the club would receive a visit from FC Barcelona, who had originally been intended to train at Bradford City's Valley Parade stadium before their semi-final match of the European Cup against Leeds United, but due to a mix-up, there was a game being played there causing Barcelona to be turned away. A Bradford City representative gave them the number of Stewart Willingham, Thackley's secretary at the time, after a conversation between Stewart and a UK Barcelona representative. Both parties made their way to Dennyfield, where the pitch would open for Barcelona to train. The training session did not serve them well as Leeds United beat them 2-1.
